Public Score	Private Score
0.020	0.000

The methods I used to pass the strong baselines include:

1. ifgsm
2. ensemble

I use 5 models to do ifgsm to generate adversarial examples. The models are listed below:

1. resnet110_cifar10
2. nin_cifar10
3. wrn20_10_1bit_cifar10
4. preresnet56_cifar10
5. diapreresnet56_cifar10
